

Customer Journey Map

Date	15 March 2026
Team ID	SWTID-2026-9030
Project Name	LegalEase: AI-Powered Legal Document Generator
Maximum Marks	2 Marks

Customer Journey Map

The journey maps a LegalEase user's experience from identifying the need for a legal document through generation, editing, and downloading.

Phase of Journey	Stage 1 – Need & Input	Stage 2 – Generate & Review	Stage 3 – Edit & Download
Actions	- Identify need for a contract/NDA/lease - Open LegalEase - Enter document type, parties, terms and date	- Click Generate Document - Review AI-generated content - Check clauses and formatting	- Edit wording if needed - Choose TXT, DOCX or PDF - Save/download final document
Touchpoint	Streamlit interface Input fields Document-type selection	Generate button FastAPI /generate endpoint AI-generated preview	Edit Document option Download buttons Formatted document
Customer Thought	"I need a legal document but I am not sure how to structure it."	"The document is generated quickly; I want to verify the content before using it."	"I can adjust the wording and get a professional file in the format I need."
Customer Feeling	Uncertain / curious	Relieved / attentive	Confident / satisfied
Process Ownership	LegalEase frontend + user	LegalEase backend + Gemini AI + user review	LegalEase formatting/export modules + user
Opportunities	- Clear examples for each input - Simple form design - Helpful field guidance	- Highlight key clauses - Clear editable preview - Show generation status	- Multiple export formats - Branding/logo support - Easy re-edit and re-download
